Aprašymas

Want more impact protection with less impact on the planet? Made with D3O® Bio, the world’s most advanced plant-based protection material, trusted to protect military elite forces, this PanzerGlass® HardCase keeps your phone safe from drops, shocks, scratches and most of whatever else life might throw at you. The back of the case is made of 100% recycled plastic, the frame of plastic with 44% plant-based content, and the whole case has been drop-tested according to 4 x Military Grade Standard. That means it can withstand several drops from a height of 4.8 meters or a sitting-on-a-balcony-and-accidentally-dropping-your-phone kind of height. The HardCase protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way of working toward a more sustainable future. Another is to use less packaging: For this case, we have managed to reduce the paper packaging by approximately 40%* compared to previous models. This product comes in a recyclable FSC™ -certified box.

The Qi compatible HardCase features a stiff, black back cover surrounded by a softer frame. For 360-degree phone protection, combine the case with a PanzerGlass® screen protector and PanzerGlass® PicturePerfect camera lens protector.

*Measured by third-party lab by comparing the mass of the new paper packaging introduced in 2023 with the mass of the previous paper packaging introduced in 2022 (CPRTC, report No. ZSA20231301-0016).
