every member of the family can use it without restrictions.

Convenient switching between systems

A unique feature of the Ottocast adapter is the ability to switch seamlessly between Android, wireless CarPlay and Android Auto. This allows each passenger to conveniently use a variety of apps.

Reliable in almost any car

The Ottocast adapter is designed to integrate with existing factory vehicle systems, including voice control, steering wheel control, touch control and knob control. As a result, it is suitable for use in 98% of car models.

Convenient access to apps

Provide your passengers with entertainment in the form of videos and music. Among other things, the product offers integrated YouTube and Netflix apps, allowing you to comfortably enjoy your favorite video content while traveling (note: no other apps can be downloaded).
