Aprašymas

Easy Swap®

No tools or screw are needed in order to install an HDD in this trayless mobile rack. Once built in a 5.25" bay, simply open the front panel, insert the HDD and close the panel again. Done.

Data security

The lock provide a security against theft by unauthorized persons and both LED rings doesn't only look stylish, but are also providing interesting information to the user concerning HDD activity and more.

Robust materials

The patented NSS (Non-Scratch-SATA) connector is built to withstand 50000 HDD replacements, Which means about 50 years if we calculate four to five changes per day. This special aluminium enclosure is conceived without fan and the built-in rubber padding protects and vibrations and noise.

Robust material

The patented NSS (Non-Scratch-SATA) connection is designed for over 50,000 hard disk changes. With four to five changes per day, this corresponds

to a service life of around 50 working years. The special aluminum housing does not need a fan and the built-in rubber padding prevents the data carrier from vibrating and noises.
