- ✓ 1 RJ45 Gigabit Ethernet port
- ✓ Supports Windows®, macOS®, Chrome OS™, Android™, and LINUX®
- ✓ Cable management clip included
- ✓ VESA® 100 mount capable

Aprašymas

The 24-inch USB-C® Docking Monitor with 100W Power Delivery seamlessly incorporates an ultra-compatible Targus® docking station into a 24" LCD display to create a clutter-free workspace. Equipped with high-resolution graphics and multiple ports, this docking display is made for productive professionals and offers compatibility with most laptop brands.

No need to fuss with messy wires and extra gadgets, you save valuable desktop real estate with the display's built-in speakers, two microphones, and a 2M Pixel webcam. Plug other essential workspace peripherals like your favourite mouse, keyboard, or external hard drive into one of its 2 USB-A 3.2 Gen 1 ports. Top that off with 100W power delivery and a comfortable viewing design, and the DM4240PEUZ is the ultimate dock to keep you connected, powered, and productive. Need more display space? This docking station is equipped to easily daisy chain additional video and power to a Targus secondary monitor (DM4240SEUZ sold separately).

Efficient Dual Display Setup

Extend your laptop for ultimate workspace efficiency - Ultra compatible docking station and monitor in one, plus a seamless connection with secondary display (DM4240SEUZ sold separately) without additional external power supply.

A Clutter-Free and Productive Workspace

No need to put a damper on productivity with the distraction of wires and a messy desk. Instead, plug all the devices you need directly into the monitor. With 2 USB-A 3.2 Gen 1 ports, an ethernet port and audio in/out port, it's simple to add the latest keyboard, external drives, or other peripherals to customise the workspace experience. Plus, it has a built-in webcam, speakers, and 2 microphones.

Innovative and Comfortable Design

With fully adjustable height and screen angles, the comfort design of this docking monitor is the ideal addition for your display needs. Seeing your work in portrait or landscape mode, plus full 360° screen rotation, helps you enjoy clear, crisp colours in 1080p HD with 178° wide angle viewing. For maximum comfort, try adding an Antimicrobial Blue Light Filter Screen Protector or a 4Vu™ Privacy Screen made to fit your 24-inch monitor (sold separately).

Multi-Platform Compatibility

Unlike proprietary docking solutions that lock users into a specific platform, brand, or even model of laptop, the ultra-compatibility of the Targus docking station works with multiple platforms and operating systems. That compatibility helps eliminate the need to replace it at every laptop refresh, which translates to lower cost of ownership for higher productivity over a longer time.
