- ✓ 2G
- ✓ Main camera with 2 MP
- ✓ emporia emergency call function
- ✓ M4/T4 hearing aid compatible

Aprašymas

There are people who only want to use a phone to make calls. At emporia, we think that's a good thing - and is why we continue to develop stylish, user-friendly feature phones even in this modern age.

Anyone who has spent 30 or 40 years pressing physical buttons when making and receiving phone calls is going to find it difficult to say goodbye to phones with real keys. And they don't actually have to. There is, after all, the emporiaJOY, a flip phone with a robust hinge, an external display, speed-dial keys and a simple camera for quick snapshots.

This push-button mobile phone is the perfect companion for an emporiaTABLET, which allows you to surf the Internet and reply to e-mails from the

comfort of your own home. When you're out, you'll have the emporiaJOY in your jacket, enabling you to make calls easily, be contactable and feel safe. The phone's SIM card can of course also be used in the tablet (for applications such as WhatsApp).
