Aprašymas

Crafted to stand out

Galaxy Z Fold8 Ultra is designed slim and built light for everyday convenience. It unfolds effortlessly thanks to a smoother Armor FlexHinge and a widened gap of the inner bezel. Encased in Armor Aluminum and fitted with Corning® Gorilla® Glass, this Fold is engineered to last.

Flex Titanium

A dual layer of titanium has been applied to the shock-absorbing layer underneath the display, strengthening the screen.

Two apps. One screen. Without switching

For those who love to tackle multiple projects at once, Galaxy Z Fold8 Ultra's expansive main screen offers a side-by-side view of apps so you can stay focused on your workload. Giving you the space to do more in one place, the automatic split view allows you to take a deep dive without losing focus. If it's a report you're reading in full-screen mode, you can create your own split view by simply dragging the window to the side to start making notes without having to switch between windows mid-flow.

Ultra speed, powered by Snapdragon—customised for Galaxy

When you're facing a deadline, the last thing you want is an interruption in your workflow. Galaxy Z Fold8 Ultra is powered by Snapdragon® 8 Elite Gen 5 for Galaxy — bringing together a next-generation CPU, GPU and NPU to stay effortlessly ahead of your workflow. This custom-built platform drives elite performance, delivering ultra-smooth graphics and faster on device AI for advanced problem-solving.

Ultra battery. Max the power

Galaxy Z Fold8 Ultra's 5000 mAh battery has been engineered into a slim and light Fold for more power without compromising size. Enjoy up to 27 hours of video content before a quick refuel session with super-fast charging.

Bigger, brighter, better

Galaxy Z Fold8 Ultra offers a 15% brighter display than Galaxy Z Fold7 with a peak brightness of 3000 nits. Plus, anti-reflection on the main screen provides less glare so you can enjoy better clarity whether you're in the office, out in the field or on a business trip.

Evolution in resolution

The 200 MP Wide camera and upgraded 50 MP Ultra Wide camera allow you to take even the most scenic shots in high-resolution detail. Plus, wider apertures on the Ultra Wide sensor provide 34% improved brightness compared with Galaxy Z Fold7.

Privacy by default. Protected by Knox

Store sensitive details with peace of mind. Our Personal Data Engine helps ensure secure processing of your data, which is then encrypted and saved on-device with Knox Vault and KEEP for extra-powerful protection. You also get to decide how Galaxy AI interacts with your personal data. Choose whether your information gets processed on-device or in the cloud. And our security doesn't just stop at your phone. Knox Matrix Trust Chain technology helps ensure protection for all your connected Galaxy devices, even allowing them to check on one another and isolate potential threats.

Now Nudge. Accelerate your work process

If your schedule is packed tight with commitments, you don't have the bandwidth to think about next moves. Now Nudge keeps things moving without pulling you out of the moment. Helpful prompts are ready to take you to your next action, allowing you to work seamlessly from the cover screen to the main screen. Unfold and press the prompt to move to a split view that gives you the space to do more in one place. View Calendar, set

customer follow-up reminders and pin branch office locations to maps, all without a single manual app switch.

Unlock your potential. Maintain your privacy

Samsung Account for Business helps you and your employees take full advantage of Galaxy AI without compromising your organization's security policies. IT admins can easily control employee accounts, and onboarded members don't need to create a personal account for access. Account registration also helps your enterprise enroll and deploy devices seamlessly, with automated installation and streamlined management.

The essential package tailored for business

Galaxy Enterprise Edition is a package of products, solutions and services that comes business-ready, right out of the box from the very first day.
