Aprašymas

Prefer the flexible work and play from anywhere lifestyle? A great companion for your compatible phone or laptop is the new super portable Lenovo L15 USB-C Mobile Monitor. Incredibly lightweight at just 860 grams*, the Lenovo L15 USB-C Monitor virtually doubles the viewing space of any screened device with an extra 15.6 inches of Full HD screen real estate. No matter what kind of video content you are trying to enjoy on your phone's small screen while remote, your viewing experience will be vastly improved by connecting to this larger, portable screen that can be tucked away in your bag's front pocket until it is needed. Easily connected via a USB Type-C cable which can also offer simultaneous power pass-through** to two devices (with video out) for an elegant one cable solution. Enjoy crisp visuals via its 15.6-inch Full HD IPS anti-glare display screen that is slim at 6 mm, with advanced low blue light technology for comfortable all day use. Setting up to present from shared spaces can get tight, so choose landscape mode or simply pivot for portrait mode to save table space. Its adjustable foot can match the height of an accompanying laptop and folds in for easy storage, just tilt up all the way to 90 degrees to find the most ergonomic viewing angle for you. The Lenovo L15 USB-C Mobile Monitor is easy to carry and comes with a protective sleeve to easily slip into your bag.
