## Pagrindinės savybės

- ✓ High Quality
- ✓ Tested and certified
- ✓ Matching Performance
- ✓ Reliable with 12 month Warranty

## Aprašymas

- Tool free, quickly install and uninstall SSDs without any tools
- Interface: type C to M-key M2
- Support two protocol SSD, both NVMe and SATA
- Support B+M Key SSD 2230/2242/2260/2280
- Support M Key SSD 2230/2242/2260/2280
- Aluminum housing for good heat dissipation
- USB superspeed to 10Gbps
- Workable for PC/Android /PS/XBOX OS
- Size: 37.5\*110\*12.5mm

## Techninė specifikacija

**Specifications**

|                |                                                    |
|----------------|----------------------------------------------------|
| Sandėlio grupė | > Arbeitsspeicher / RAM > SO-DIMM DDR4 [+369][-26] |
|----------------|----------------------------------------------------|

**Storage**

|                                    |       |
|------------------------------------|-------|
| Supported storage drive interfaces | mSATA |
|------------------------------------|-------|

|                                    |   |
|------------------------------------|---|
| Number of storage drives supported | 1 |
|------------------------------------|---|

**Ports & interfaces**

|           |         |
|-----------|---------|
| Interface | USB 3.0 |
|-----------|---------|

**Design**

|              |                   |
|--------------|-------------------|
| Product type | HDD/SSD enclosure |
|--------------|-------------------|

|                |       |
|----------------|-------|
| Product colour | Black |
