Pagrindinės savybės

- ✓ Smartwatch Digital Touchscreen 3.05 cm (1.2") OLED
- ✓ 360 x 360 pixels
- ✓ Waterproof IP68
- ✓ Heart rate monitor Accelerometer Gyroscope Activity tracker
- ✓ 4G GPS (satellite) BeiDou Galileo
- ✓ Wi-Fi 5.0 Near Field Communication (NFC)
- ✓ 247 mAh

Aprašymas

CLASSIC AND PREMIUM

Precision rotating bezel

Take your pick of two sizes, 45mm or 41mm, each with a face you won't soon forget. Available in premium Mystic Black, Mystic Silver, and Mystic Bronze finish, the elegant design is outlined in a unique rotating bezel for a look that works around the clock.

DISPLAY

Bigger display, lighter design

Outlined in a subtle rotating bezel, it's easier to see and focus on what matters with an even bigger screen. Galaxy Watch3 is thinner and lighter

than its predecessor, with a sophisticated look and slimmed down frame.

LEATHER STRAP

Premium quality, down to the strap

Galaxy Watch3's design is polished off with a premium genuine leather strap. Aged leather creates a natural look, and when you turn it over, see strengthened leather that protects against discolouration.

WATCH FACE

Beauty with smarts to match

Complete Galaxy Watch3's signature look with the largest number of watch faces to choose from, all matching its sleek body. Make your own combination with over 40 variations, and see the useful information you need at a glance while easily accessing your favourite apps.

MIX AND MATCH

Now make it truly yours

Mix and match from a variety of materials, sizes, and straps to create a custom Galaxy Watch3 that's all you.

SLEEP SCORE

Get a better night's sleep

Galaxy Watch3 records your REM cycles, deep sleep, and total sleep time to score the quality of your rest. Samsung partnered with the National Sleep Foundation to include educational content and sleep tips right on your device, to help you understand sleep better.

HOME WORKOUT

Hit your best, then do it again

Equipped with over 120 home workout programs to choose from, Galaxy Watch3 helps you get your body moving on your time. Pick from your phone and cast to your TV – as you work out, it'll display your heart rate in real time. Use the Ridge Sport Band for even more accurate stats.

RUNNING ANALYSIS

Improve every stride

Galaxy Watch3's running guide lets you keep pace as you get tips on the go. The advanced algorithm analyses how you move to help improve your form. You can even measure VO2 max values and keep up with your daily, weekly, and monthly performance right from your phone.

SMART REPLY

Add a little context with smart reply

Stay connected with others even on the go – and without fumbling to reply. Galaxy Watch3's smart reply analyses texts and photos you receive and gives you suggested replies, supporting different categories that include food, celebrations, selfies, and more.

BITMOJI

More fun in your messages

Bitmoji stickers open up fun new ways to communicate. Personalise your Bitmoji to look just like you and use Bitmoji stickers to jazz up the way you talk to family and friends.

MUSIC

The beat goes on and on

Your music doesn't stop as you go from one device to another. Play Spotify on your Galaxy Note20, then open it with the Spotify app icon on your watch face to easily switch songs from your Galaxy Watch3. Or you can even touch and hold Galaxy Buds Live to get lost in the music.

WATCH APPS

Team up with other apps

Put together a team of Galaxy Apps to join you and your phone in your day-to-day. Find your phone and see your phone's photos from your watch, or switch between devices to control your music and check reminders. The perfect partners are all on your wrist.

Techninė specifikacija
