Aprašymas

MikroTik RouterBOARD 951Ui-2nD - high efficiency and reliability

The SOHO wireless access point with a next-generation Atheros 600 MHz processor and 128 MB of RAM offers increased performance, 5 Ethernet ports, a USB 2.0 port and a high power 2.4 GHz 1000 mW system supporting the 802.11b / g / n standard. The device features built-in antennas. It also supports the PoE output function on the fifth port, supplying power to other PoE devices with the voltage equal the voltage delivered to the unit. The maximum load for the port is 500 mA. The set includes the RouterBOARD access point in a plastic housing and a power supply.
