Aprašymas

The **QMP-LHG MikroTik** is a high-quality **WLAN access point mount** designed specifically for optimal performance and compatibility. This product is ideal for use with the **LHG 5** model, ensuring a secure and stable installation. The mount is also compatible with other MikroTik antennas, including the **SXT** and **OmniTik**, which are designed for pole mounting, making it a versatile choice for various networking setups.

Constructed with durability in mind, the **QMP-LHG** features a sleek **white color** that blends seamlessly into outdoor environments. Its dimensions are carefully designed, with a width of **95 mm**, a depth of **112 mm**, and a height of **88 mm**. This compact size allows for easy installation while maintaining a robust structure that can withstand various weather conditions.

Each package contains **1 piece** of the **QMP-LHG MikroTik**, making it a convenient option for both individual users and larger installations. The product is part of the MikroTik line, known for its reliable networking solutions that cater to both home and professional environments. The **QMP-LHG** is engineered to enhance the performance of your wireless network by providing a stable mounting solution.

In summary, the **QMP-LHG MikroTik** is an essential accessory for anyone looking to optimize their wireless network setup. With its compatibility with various MikroTik antennas, durable construction, and compact design, this **WLAN access point mount** is a smart investment for enhancing connectivity and performance in any setting.
