Aprašymas

Logitech Rally Plus Video Conferencing System 16 Person(S) Ethernet Lan Group Video Conferencing System

Logitech Rally Plus Video Conferencing System

Logitech Rally Plus delivers studio-quality video, unmatched voice clarity and RightSense™ automation for better, more natural meetings with most software-based video conferencing services. Ultra-HD Video: premium 4K optics and intelligent PTZ features capture every seat in meeting rooms and classrooms. Front-of-room speakers and an expandable beamforming mic pod array deliver natural-sounding audio to everyone in the meeting. RightSense™ Automation combines RightLight™ for automatic facial luminance and colour optimisation, RightSound™ for automatic audio calibration and RightSight™ for proactive camera control. With its sleek design, premium materials and unequalled capability, the Rally portfolio raises the bar for USB-connected conference camera systems.

Exceptional Video Quality

With an Ultra-HD imaging system, Rally delivers brilliantly sharp video, outstanding color, and exceptional optical accuracy at resolutions up to 4K.

Adaptive Pan, Tilt and Zoom

The smooth PTZ motor adjusts pan and tilt speed with the amount of zoom. The result: Faster camera movement when zoomed out for quick framing and slower camera movement when zoomed in for more control.

Sleek Industrial Design

The premium PTZ camera is elegantly finished in matte black and slate gray metal trim, complemented by sleekly designed audio components and accessories that look great in any room.

Advanced Modular Audio

Rally delivers sound that's natural, crisp, and highly intelligible. Exquisitely sensitive Mic Pods ensure that everyone in the meeting can be clearly heard while stand-alone speakers fill larger rooms with rich, life-like sound.

Front-of-Room

Audio Rally speakers are designed for placement at the front of the room. With mic pods on the table and speakers at the display, voices and video come from a natural direction — and never from behind you — so conversations feel more natural and lifelike.

Up to 7 Mic Pods For large meeting rooms, add Rally Mic Pods to expand audio coverage and provide convenient access to mute controls. Each pod adds coverage for six additional participants, perfect for equipping large meeting spaces and boardrooms.

Smart Cabling and Content Sharing

With a Display Hub and Table Hub to minimize cross-room cabling, Rally components and the meeting computer remain securely out of sight.

Loud and Clear The built-in amplifiers in Rally Display Hub can power up to two Rally Speakers, providing rich sound even in larger rooms.

Optional Flexible Mic Pod Cabling

Rally Mic Pod Hub makes it easy to minimize cross-table cabling with three connectors for Rally Mic Pods or additional Mic Pod Hubs, helping participants reposition individual pods or to bring mute control within easy reach.

Optional Mounting Kit

Add the Rally Mounting Kit to streamline installation of each component with custom brackets and mounting hardware.

Additional Product Notes

1. FIND THE BEST FIT FOR YOUR LARGE ROOM

In large rooms with one or two displays, deploy Rally with tremendous flexibility and ease.

2. SIMPLE TO USE

Start your meeting with just one touch, seamlessly connecting Rally to your preconfigured room solution. 1Tap included as part of a room solutions bundle

3. LOOKS BRILLIANT

Upgrade your large room meeting experience with cinema-quality video, outstanding color, and exceptional optical accuracy.

4. STAYS FOCUSED

Using AI, human figure detection, and automated PTZ, Rally adapts to meeting dynamics and keeps the camera on the action.

5. SOUNDS AWESOME

Rally's ultra-low distortion speakers deliver crystal clear, room-filling sound and make sure every voice is clearly heard.

6. PICKS UP VOICES AT EVERY SEAT

Rally's exquisitely sensitive mic pods ensure that everyone in the meeting is clearly heard.

7. Full Duplex

Auto-level loud and soft voices – while suppressing unwanted noise – with AI-based RightSound™ technology that improves over time.

8. EXPAND THE CONVERSATION

Add up to 7 mic pods to accommodate larger groups and provide convenient access to mute controls.

9. SIMPLE TO MANAGE

Monitor and manage your meeting room devices from one single platform with Logitech Sync. Plus, get business insights into how your rooms are being used.

10. DEVICE MANAGEMENT TECHNOLOGY PARTNERS

Our integration with partner solutions and dashboards means you can easily manage your devices in other platforms.

11. REDUCE YOUR CARBON FOOTPRINT

Support remote workers and reduce business travel by replacing in-person meetings with video meetings that are as natural as face-to-face.
