Aprašymas

The **TP-Link UB400** is a compact **Bluetooth 4.0 Nano USB adapter** designed to provide seamless wireless connectivity for your computer. With a **USB Type-A** host interface, this adapter is incredibly easy to install and is compatible with a wide range of **Windows operating systems**, including **Windows 10**, **Windows 7**, **Windows 8**, **Windows 8.1**, and **Windows XP**. Its **Bluetooth output interface** allows for connections to Bluetooth devices within a range of up to **10 meters**, making it a versatile solution for enhancing your desktop or laptop's capabilities.

Featuring a sleek black and gold color scheme, the **TP-Link UB400** is not only functional but also visually appealing. Its compact design ensures that it remains unobtrusive and portable, making it an ideal accessory for users on the go. The adapter operates efficiently within a temperature range of **0 to 40°C**, while its storage temperature range of **-40 to 70°C** guarantees durability and performance stability in various environments, setting it apart from many competitors.

As a product from the reputable manufacturer **TP-Link**, the **UB400** stands out for its reliable performance and ease of use. This adapter is particularly beneficial for those who need to enable **Bluetooth capabilities** on devices that lack built-in functionality. With its advanced technology and user-friendly design, the **TP-Link UB400** is an effective solution for enhancing your wireless connectivity experience.
