Aprašymas

The **TP-Link RE200 AC750** is a high-performance **network repeater** designed to significantly enhance Wi-Fi coverage and performance across various devices. With a dual-band data transfer rate of up to **750 Mbit/s**, this device offers **433 Mbit/s** on the **5 GHz band** and **300 Mbit/s** on the **2.4 GHz band**, ensuring fast and efficient internet access for all your online activities. The internal antennas and a transmitting power of **20 dBm** work together to extend the wireless range and improve signal strength, making it an ideal solution for larger homes or offices.

Equipped with one **Ethernet port** that supports LAN data rates of **10/100 Mbit/s**, the TP-Link RE200 can also function as a wireless adapter, allowing you to connect wired devices to your Wi-Fi network effortlessly. This model adheres to various networking standards, including **IEEE 802.11ac**, **IEEE 802.11b**, **IEEE 802.11g**, and **IEEE 802.11n**, ensuring compatibility with a wide range of devices and routers.

Operating on a **100 - 240 V AC** input voltage with a maximum power consumption of just **6.5 watts**, the TP-Link RE200 is both energy-efficient and reliable. Its compact, white design allows it to blend seamlessly into any home or office environment, making it a practical addition to your networking setup. With its advanced technology and robust performance, the TP-Link RE200 stands out as a superior choice for enhancing your wireless connectivity.
