## Aprašymas

The **TP-Link Tapo C200** is a state-of-the-art **Pan/Tilt Home Security Wi-Fi Camera** designed specifically for indoor use. Operating on a wireless connectivity technology at a frequency of **2400 MHz**, this camera ensures a reliable connection for seamless monitoring. Its sleek, spherical form factor in a clean white finish allows it to blend effortlessly with various interior decors, making it an aesthetically pleasing addition to any home or office environment.

Equipped with a high-quality **MOS sensor** and a fixed focal length of **4 mm**, the Tapo C200 provides an impressive horizontal viewing angle of **360 degrees** and a vertical viewing angle of **114 degrees**. This extensive coverage ensures that no corner of the monitored area is left unobserved. The camera's advanced **pan and tilt functionality** enhances its surveillance capabilities, allowing users to sweep the area for comprehensive monitoring.

Ideal for those seeking to enhance their indoor security, the **TP-Link Tapo C200** offers exceptional visibility and control over your environment. Its user-friendly design and robust features make it a functional and effective addition to any home security system. With its superior technical specifications, this model stands out in the market, providing peace of mind to users who prioritize safety and security in their living or working spaces.
