Aprašymas

The **TP-Link TL-PA7017 Kit** AV1000 Gigabit Powerline Starter Kit is an innovative solution designed to extend your wired network effortlessly throughout your home. Utilizing your existing electrical circuitry, this kit allows you to connect devices in any room without the need for additional wiring. With a maximum data transfer rate of **1000 Mbit/s**, it is ideal for bandwidth-intensive applications such as online gaming, streaming, and large file transfers. The kit includes two adapters that adhere to the **HomePlug AV2** standard, ensuring compatibility with various networking standards including **IEEE 802.3**, **IEEE 802.3ab**, and **IEEE 802.3u**.

Each adapter in the **TP-Link TL-PA7017 Kit** features a Type F power plug and is designed for low power consumption, typically using only **2.3 W** during operation and **0.5 W** in standby mode. This energy-efficient design not only helps reduce your electricity bill but also contributes to a more sustainable environment. The internal antennas and LED indicators for LAN, PLC, and power status provide clear visibility into your network activity and connection strength, making it easy to monitor performance.

The compact and sleek design of the adapters allows for discreet placement in any room, blending seamlessly with most home decors. The **TP-Link** brand is renowned for its commitment to quality and innovation, making the TL-PA7017 Kit a reliable choice for enhancing your home network. Each package includes two adapters and a LAN (RJ-45) cable, ensuring you have everything you need for a quick and straightforward setup.
