Aprašymas

Constructed from durable stainless steel, the Hikvision DS-1275ZJ-S-SUS vertical pole mount is designed to offer a secure mounting solution for various surveillance equipment. With a diameter of 5.67 inches (144 mm), this mount provides a stable base that can be attached to a wide range of pole sizes, ensuring versatility in placement and installation.

The mount's white finish not only complements its surroundings but also adds an extra layer of protection against the elements, making it suitable for both indoor and outdoor use. The design facilitates easy installation and is compatible with multiple Hikvision Digital Technology products, enhancing its utility as a universal mounting accessory.

This mount is engineered to support optimal performance of surveillance systems by providing a firm, reliable grip on vertical poles, which helps maintain the desired angle and position of the mounted equipment for effective monitoring and security. Its robust construction ensures longevity and resistance to environmental challenges, maintaining its integrity over time.
