Aprašymas

The **TP-Link AV1000 Gigabit Powerline AC Wi-Fi Kit** is an advanced networking solution designed to enhance your internet connectivity experience. This kit combines both wired and wireless capabilities, offering a maximum data transfer rate of **1000 Mbit/s**. With support for a wide range of networking standards, including **IEEE 1901** and **IEEE 802.11a/b/g/n/ac**, it ensures compatibility with various devices and network configurations, making it an ideal choice for both home and office environments.

Equipped with internal antennas, the **TP-Link** kit features a compact design that allows it to blend seamlessly into any setting. The elegant white color scheme and LED indicators for LAN, PLC, power, and Wi-Fi provide clear status updates at a glance. With a typical power consumption of just **6.5 watts**, this device is not only efficient but also environmentally friendly. It utilizes a **Type E power plug** and supports multiple Windows operating systems, including **Windows 10, 7, 8, and 8.1**, ensuring broad compatibility across various computer systems.

The **TP-Link AV1000 Gigabit Powerline AC Wi-Fi Kit** is designed for easy setup, making it a reliable choice for users seeking seamless internet connectivity. Its robust performance and energy-efficient design set it apart from competitors, providing a superior networking experience. Whether you are streaming, gaming, or working from home, this kit delivers the speed and reliability you need to stay connected.
