Aprašymas

THE FUTURE OF EDUCATION WITH FLIP PRO: INTERACTIVE TEACHING

Flip Pro is an innovative tool that transforms the way teachers conduct classes. Its advanced display and intuitive features enable interactive teaching that engages students like never before. With versatile connectivity and smart software, Flip Pro opens the door to limitless learning possibilities, allowing for effective collaboration and a creative approach to education. In the era of digital education, Flip Pro becomes a key element that supports teachers in creating dynamic and inspiring lessons.

REVOLUTIONARY FLIP PRO: A NEW QUALITY OF MULTI-TOUCH INTERACTION

Flip Pro is a revolutionary product that takes interaction to a whole new level. With its unique Multi-touch feature, boasting a minimal touch response delay of just 26 ms, every hand movement is instantly mirrored on the screen. With 2048 touch detection points, drawing and writing become not only smooth but also incredibly realistic, fostering creativity. Moreover, Flip Pro allows simultaneous use by up to 20 people on the screen, significantly enhancing interactivity in group creative sessions and collaboration. By enabling co-creation, Flip Pro becomes the ideal tool for teams looking to effectively share ideas and visions.

BRING YOUR IDEAS TO LIFE WITH FLIP PRO - DISCOVER UNLIMITED CREATIVITY!

Flip Pro is the perfect tool for creative minds who want to quickly and efficiently turn their ideas into reality. With its intuitive pen and brush mode, users can enjoy a realistic writing and drawing experience, making every thought take shape in an instant. Flexible erasing, requiring just a swipe of a finger, makes corrections incredibly simple and quick. Additionally, the quick tools menu and palettes allow for a free flow of creative content, while the toggle button enables instant addition of new note layers, making Flip Pro the ideal companion on any creative journey.

VERSATILE CONNECTIVITY: DISPLAY CONTENT FROM ANY DEVICE

Flip Pro is an innovative solution that will revolutionize the way content is presented in any educational space. With versatile connectivity, including USB, HDMI, and DP ports, teachers can easily connect their devices, allowing for seamless display of materials on a large screen. Additionally, the ability to wirelessly mirror the screen via LAN port makes using modern technology even more intuitive. Flip Pro is the ideal tool that brings a new dimension to learning, with interactivity becoming the key to effective knowledge transfer.

USB-C 3-IN-1 PORT: A NEW QUALITY IN INTERACTIVE TEACHING

The USB-C 3-in-1 port is an innovative solution that revolutionizes the teaching process. With the screen mirroring feature, teachers can easily present materials on a larger screen, allowing for better interaction with students. Additionally, the touch control option makes device operation intuitive and convenient. This port also provides charging for external devices with up to 15 W of power, eliminating the issue of dead batteries during classes. It is the perfect tool for modern classrooms that prioritize efficiency and interaction in education.

INCREASE CLASS ENGAGEMENT WITH AIRPLAY 2!

Flip Pro, equipped with AirPlay 2 technology, is an innovative solution that revolutionizes the way teachers and students interact in the classroom. With the ability to wirelessly stream content to a large screen, every participant in the class has a chance for better understanding of the material and fuller engagement in the teaching process. Integrating two displays ensures that no important information goes unnoticed, creating an atmosphere conducive to collaboration and interaction. Flip Pro is an excellent choice for modern classrooms where technology supports education at every step.

REVOLUTIONARY WIRELESS SHARING FROM MULTIPLE DEVICES

SmartView+ is an innovative solution that revolutionizes the way we share content from various devices. Allowing simultaneous connection of up to 50 devices wirelessly, this interactive display becomes an invaluable tool in large conference rooms and modern classrooms. With the ability to display multiple views on up to four screens, SmartView+ provides flexibility and convenience, allowing meeting participants and students to fully engage and collaborate. It is the ideal solution for those who want to maximize the potential of technology in work and learning.

REMOTE ACCESS TO WORK AND EDUCATION WITH THE FLIP SERIES

The Flip series, equipped with a workspace secured by the Knox app, opens the door to unlimited productivity, regardless of location. With easy access to remote computers, network drives, and popular tools like Office 365, VMware, or Boxlight MimioConnect, work becomes more flexible and efficient. Teachers and students can freely utilize educational resources and learning-supporting tools, allowing for uninterrupted workflow and creative collaboration.

MODERN LESSON PLANNING WITH MIMIOCONNECT AND FLIP PRO

Boxlight MimioConnect* in Flip Pro is an incredibly innovative solution that revolutionizes the lesson planning process. With this advanced application, teachers gain access to a rich catalog of diverse educational content that perfectly fits the needs of modern hybrid education. Created as a result of a partnership between Samsung and leading American educational solution providers, the MimioConnect* platform allows for easy and effective customization of materials to meet individual student needs, significantly enhancing the quality of teaching. With this tool, every teacher can effectively enrich their lessons, engaging students in ways that were previously unattainable.

NEW REMOTE MANAGEMENT CAPABILITIES FOR SCHOOLS WITH FLIP PRO

Thanks to Samsung's innovative MagicINFO Remote Management solution, Flip Pro becomes an invaluable tool in school communication. It allows for remote sending of content, alerts, and notifications directly to Flip displays in classrooms, significantly facilitating the informing of teachers and students about key events and important matters. This functionality not only speeds up the flow of information but also ensures that every student has access to current news at their fingertips, enhancing the quality of education and organization in the school. Flip Pro is the ideal solution for modern institutions looking to effectively manage internal communication.

A NEW LEVEL OF SCREEN PROTECTION WITH SAMSUNG FLIP PRO

Samsung Flip Pro is the perfect combination of modernity and functionality, providing users not only excellent display quality but also exceptional screen protection. Thanks to the innovative antimicrobial coating that inhibits the growth of microorganisms, using the device becomes more hygienic and safe. Additionally, the proprietary shatter-resistant film ensures that the screen is resistant to damage, allowing you to enjoy its pristine appearance for a long time. By choosing Samsung Flip Pro, you invest in long-lasting protection and user comfort.
