Aprašymas

The **MikroTik Chateau LTE18 ax** is a high-performance **desktop router** designed to meet the demands of modern connectivity. With its sleek **white design**, this router not only enhances your home or office aesthetics but also delivers exceptional performance. The product code **S53UG+5HaxD2HaxD-TC_EG18-EA** signifies its advanced features and capabilities, making it an ideal choice for users seeking reliable internet access.

Equipped with a **dual-band Wi-Fi** capability, the MikroTik Chateau operates on both **2.4 GHz** and **5 GHz** frequencies, utilizing the latest **Wi-Fi 6E (802.11ax)** standard. This ensures a maximum data transfer rate of **1200 Mbit/s**, providing seamless streaming, gaming, and browsing experiences. The router's **Gigabit Ethernet** interface further enhances connectivity, supporting data transfer speeds of **10, 100, and 1000 Mbit/s**.

As a versatile device, the MikroTik Chateau supports **4G mobile network generation** with compatibility for both **LTE-TDD** and **LTE-FDD** standards. This feature allows users to maintain a stable internet connection even in areas with limited fixed-line options. The router accommodates a **MicroSIM card**, making it easy to integrate into various network environments.

In summary, the MikroTik Chateau LTE18 ax stands out with its robust technical specifications and user-friendly design. It is an excellent solution for both home and office use, ensuring high-speed internet access and reliable connectivity. With its advanced features and the trusted quality of the **MikroTik** brand, this router is poised to meet the needs of even the most demanding users.
