Aprašymas

The **DECO X55 (2-PACK)** by **TP-LINK** is a state-of-the-art dual-band mesh router designed to deliver extensive Wi-Fi coverage throughout your home. This product operates on both **2.4 GHz** and **5 GHz** frequencies, supporting a wide range of Wi-Fi standards including **802.11a**, **802.11b**, **802.11g**, **Wi-Fi 4 (802.11n)**, **Wi-Fi 5 (802.11ac)**, and the latest **Wi-Fi 6 (802.11ax)**. This ensures a fast and efficient network environment, making it ideal for streaming, gaming, and other high-bandwidth applications.

Equipped with a powerful **1 GHz processor**, the DECO X55 can seamlessly handle multiple devices connected simultaneously, providing a smooth and reliable internet experience. The system also features an **SPI firewall** for enhanced network security, ensuring that your connection remains safe from potential threats. With a transmitting power ranging from **20 to 23 dBm**, this router optimizes signal strength across various areas of your home, eliminating dead zones and ensuring consistent connectivity.

Designed with a modern aesthetic, the DECO X55 units are compact and stylish, featuring a clean white color with internal antennas that blend seamlessly into any home decor. The package includes two units, making it easy to establish a comprehensive mesh network right out of the box. With its advanced technology and user-friendly design, the DECO X55 stands out as a superior choice for anyone looking to enhance their home network.
