Aprašymas

The **TP-Link VIGI C340(4mm)** is a state-of-the-art **4MP Outdoor Full-Color Bullet Network Camera**, specifically engineered for versatile outdoor surveillance. This advanced camera ensures high-quality video capture in a variety of lighting conditions, making it an ideal choice for security monitoring. With a remarkable minimum illumination of just **0.005 lx**, the VIGI C340 excels in low-light environments, providing clear and detailed images that enhance overall surveillance effectiveness.

Designed with a robust bullet form factor, the **TP-Link VIGI C340** is available in both black and white, allowing for seamless integration into various installation aesthetics. This **IP security camera** supports wired connectivity, ensuring stable and continuous data transmission. Its flexible mounting options—on ceilings, walls, or poles—enable comprehensive coverage of critical areas, making it a versatile solution for outdoor security needs.

Equipped with a high-performance **CMOS sensor** and an optical sensor size of **25.4 / 3 mm (1 / 3")**, the VIGI C340 captures detailed images, facilitating superior surveillance capabilities. The camera boasts a horizontal viewing angle of **79 degrees** and a vertical viewing angle of **43 degrees**, ensuring extensive coverage of monitored areas. With the ability to detect objects at a distance of up to **80 meters**, observe at **33 meters**, and recognize at **16 meters**, this camera stands out as a powerful tool for effective security monitoring in wide and open spaces.
