Aprašymas

Powerful and economical DAC cable SFP+ 10G 3M AWG30 from Extralink. DAC SFP+ DAC cables are high-performance, cost-effective input/output solutions for 10Gb Ethernet and 10G fiber channels. With SFP+ DAC copper cables, equipment manufacturers can achieve high port densities and reduce set-up, operating and power costs. High-speed cable assemblies meet and often exceed industry standards for Gigabit Ethernet and Fibre Channel in terms of performance and reliability. The Extralink DAC SPF+ 10G cable provides 10 Gbps transmission speed over 3 m distance. It is ideal for use in SANs, NAS, storage servers, switches and routers with ultra-high throughput or data center network infrastructure.
