## Aprašymas

The **TP-Link Omada Multi-Gigabit VPN Router** (Model: **ER707-M2**) is expertly engineered to cater to advanced networking requirements, making it an ideal choice for both small businesses and home offices. This router supports a wide array of protocols and standards, adhering to **IEEE standards** such as **802.1Q**, **802.3**, **802.3ab**, **802.3q**, **802.3u**, and **802.3x**. Its compatibility with diverse network environments ensures seamless integration and performance.

Equipped with multiple Ethernet interface types, including **2.5 Gigabit Ethernet**, **Fast Ethernet**, and **Gigabit Ethernet**, the ER707-M2 delivers impressive data rates of **10**, **100**, **1000**, and **2500 Mbit/s**. This router supports a comprehensive range of network protocols such as **TCP/IP**, **DHCP**, **ICMP**, **NAT**, **PPPoE**, and **OpenVPN**, providing exceptional flexibility in setup and maintenance. Its robust security features include advanced encryption algorithms like **256-bit AES** and **SHA-1**, ensuring that your network remains secure against potential threats.

The **TP-Link ER707-M2** is designed with durability in mind, featuring a sturdy steel housing and a sleek black color scheme. It comes with **128 MB of flash memory** and **1000 MB of DDR4 internal memory**, facilitating efficient data processing and storage. Multiple LED indicators for **LAN**, **link**, **power**, **speed**, **system**, **USB**, and **WAN** enhance monitoring and management, making it a superior choice for users seeking reliability and performance in their networking solutions.
