Aprašymas

The **DIGITUS DK-1641-A-VH-1** is a high-quality **CAT 6A Twisted Pair Installation Cable**, designed to meet the demands of modern networking environments. With a length of **100 meters**, this cable features **S-FTP shielding**, which includes pairs in metal foil and braid shielding, ensuring optimal performance and reduced interference. The cable is compliant with **CPR Eca** standards, making it a reliable choice for various installations.

Constructed with a **LSOH jacket**, the **DIGITUS DK-1641-A-VH-1** offers enhanced safety in case of fire, as it emits low smoke and no halogen. The cable structure consists of **4 x 2 AWG 23/1 solid twisted pairs**, providing excellent signal integrity and transmission speeds. Its light-blue color adds a professional touch, making it suitable for both commercial and residential applications.
