Aprašymas

Smart Temperature & Humidity Sensor

Track Your Home's Climate

Monitor Conditions from Your Phone

Humidity and temperature can impact your personal health and comfort. Check a room's real-time temperature and humidity with the Tapo app from anywhere, at anytime.

High-Accuracy Sensor

The built-in Swiss-made sensor features a typical accuracy of $\pm 3\%RH$, $\pm 0.3^{\circ}C$ / $0.54^{\circ}F$. By obtaining and updating data every 2 seconds, the sensor gives you accurate current information.

Instant App Alerts

Receive instant app notifications when temperature or humidity levels fall out your customized ranges. React promptly to sudden air condition changes whenever the need arises.

Maximize Comfort & Save Energy

The sensor automatically turns on/off appliances connected to Tapo devices, such as heaters, fans, and humidifiers, to adjust the comfort level in the room. It also helps to save on your energy bills.

Data Storage & Export for Free

Understand your home environment with up to 2 years of cloud data logging and storage. Export all the data to a CSV file sent to your email to review at anytime.

Long-Lasting Performance

Thanks to its low-power wireless technology, Tapo T310 has an up to 2 years battery life with the replaceable CR2450 coin battery.*

*Battery life of up to 2 years is based on TP-Link's laboratory. Actual battery life may vary depending on working conditions.

Versatile Usages, Flexible Placement

Designed small and stylish to fit in most places. Hang the sensor with its lanyard, mount to the wall with adhesives, or attach to metallic surfaces with magnets (all included).

All in One App

Experience your next-level smart home with the Tapo line all in a single app. Create a more secure, convenient, and comfortable living space for you and your loved ones.
