Aprašymas

Enhance your network setup with the **TP-Link Omada Rackmount Kit-13**, a robust mounting kit designed specifically for seamless integration with select **TP-Link** devices. Crafted from **durable metal**, this kit ensures a secure and stable installation of your networking equipment. The sleek **black finish** not only complements the professional appearance of your setup but also provides a uniform look when mounted in a rack system.

The **Rackmount Kit-13** is compatible with a variety of **TP-Link** models including **OC300**, **TL-R480T+**, **TL-SF1016DS**, **TL-SF1024D**, **TL-SG1008**, **TL-SG1008MP**, **TL-SG1016D**, and **TL-SG1016DE**, making it a versatile solution for multiple device configurations. It is specifically designed to fit **13-inch rack systems**, providing a snug and secure placement.

Included in the package are all necessary screws for installation, ensuring you have all the components required for a hassle-free setup. Whether you are organizing a new network rack or upgrading an existing one, this mounting kit provides a reliable foundation for your **TP-Link** devices. With its superior construction and compatibility, the **Rackmount Kit-13** stands out as an essential component for any professional networking environment.
