Aprašymas

The **TP-Link VIGI C440-W (4mm)** is a state-of-the-art **4MP Full-Color Wi-Fi Turret Network Camera** designed for versatile use in both indoor and outdoor environments. With its robust form factor and sleek white finish, this camera seamlessly blends into various settings while providing reliable surveillance. The camera supports both wired and wireless connectivity, allowing for flexible installation options, whether mounted on a ceiling or wall.

Equipped with a **CMOS sensor** and an optical sensor size of **25.4 / 3 mm (1 / 3")**, the VIGI C440-W delivers high-quality, full-color video footage. Its impressive **360° angle of rotation** and a horizontal lens viewing angle of **79°** combined with a vertical angle of **43°** ensure comprehensive coverage of the monitored area. Additionally, the camera features night vision capabilities that extend up to **30 meters**, making it an ideal solution for low-light conditions.

This model is certified by multiple international standards, including **CE, RCM, BSMI, VCCI, RoHS, NTRA**, and **KC**, ensuring compliance with global regulatory requirements. The **TP-Link** brand is synonymous with quality and innovation, making the VIGI C440-W an effective choice for those seeking a dependable security camera that integrates easily into various environments. Its advanced technology and robust features set it apart from competitors, providing peace of mind for users.
