Aprašymas

High-quality AI-9 fiber optic welding machine. Extralink AI-9 is an innovative solution on the market of fiber optic welders. It combines simplicity of use, which will be appreciated by novice users, and advanced positioning and welding techniques, which will be appreciated by experienced welders. The welder operates on different types of fibers, both Singlemode and Multimode. AI series welders stand out in the market with an innovative way of device configuration - all settings are made via an application installed on the smartphone.
