Aprašymas

The **AmpliFi HD Mesh WiFi System** is designed to provide exceptional wireless coverage and connectivity for your home or office. With a remarkable **range of 6,000 ft²**, this system ensures that you can enjoy seamless internet access throughout large spaces. The system supports over **150 connected devices**, making it ideal for households with multiple users and smart devices.

Equipped with **WiFi 5 technology** and a **3x3 MIMO** configuration, the AmpliFi HD Mesh WiFi System delivers high-speed internet with minimal interference. The package includes **two access points** that enhance the network's reach and stability. Additionally, the router features **four LAN and four WAN GbE ports**, providing ample connectivity options for wired devices. The **1.6" LCM touchscreen display** on the router allows for easy management and monitoring of your network settings.

Manufactured by **Ubiquiti Networks**, the AmpliFi HD Mesh WiFi System stands out for its user-friendly design and advanced technology, ensuring a reliable and efficient internet experience. This product is perfect for those seeking a robust networking solution that can handle the demands of modern digital life.
