Aprašymas

The Dahua IPC-HDW1239V-A-IL is a state-of-the-art 2MP Full Color Dome Camera designed for both indoor and outdoor surveillance applications. Featuring a 2.8mm fixed focal length lens and advanced low light performance, this camera ensures high-definition imagery at a resolution of 1920x1080 at 25/30 fps. The integration of the H.265 codec promotes high compression rates, allowing for ultra-low bit rates, making it ideal for bandwidth-sensitive environments.

Equipped with a built-in IR LED and warm light, the camera provides maximum illumination distances of 30 meters for both IR and warm light, ensuring visibility even in complete darkness. The IP67 protection rating guarantees durability against dust and water, making it suitable for various monitoring scenarios. With features such as motion detection, video tampering alerts, and audio detection, the Dahua IPC-HDW1239V-A-IL offers enhanced security through sophisticated abnormality detection, while its human detection capability provides an additional layer of precision in monitoring.

This camera not only excels in technical specifications but also supports PoE (Power over Ethernet), simplifying installation by reducing the need for separate power cables. The SMART H.264+/H.265+ encoding offers flexibility in adapting to various bandwidth and storage requirements, making the IPC-HDW1239V-A-IL a comprehensive solution for modern surveillance needs. Trust in Dahua's reputation for quality and innovation with this robust network camera.
