Aprašymas

The Dahua Technology XVR5108HS-4KL-I3 is a high-performance digital video recorder that supports multiple video formats including H.264, H.264+, H.265, and H.265+. This device is capable of delivering clear and detailed images with a resolution of 1920 x 1080 pixels, ensuring high-quality video surveillance. It operates on an embedded Linux system, providing a stable and secure platform for recording and monitoring.

This model comes in a compact 1U size and is equipped with a single HDD slot, making it suitable for environments where space is at a premium but storage capacity is still a priority. It features advanced audio encoding technologies such as G.711 A-law, G.711 μ -law, and PCM, which enhance the audio quality accompanying the video footage.

The device adheres to multiple safety and electromagnetic compatibility standards, including CE-LVD: EN 60950-1/IEC 60950-1 and CE-EMC: EN 61000-3-2, EN 61000-3-3, EN 55032, EN 50130, ensuring compliance with European regulations. Its black casing allows it to blend seamlessly into various settings without drawing attention. This digital video recorder is a robust solution for effective video surveillance and security management.
