Aprašymas

The **Dahua SG1010LP** is a **10-Port Economical Gigabit PoE Switch** designed to provide reliable networking solutions for various applications. This **unmanaged gigabit PoE switch** includes **8 PoE ports** that comply with the IEEE802.3, IEEE802.3u, IEEE802.3ab, and IEEE802.3x standards, ensuring seamless connectivity and data transfer speed for your devices. Its robust and **dust-proof metal casing** not only protects the internals but also enables operation in a wide temperature range, making it suitable for various environments.

The **Dahua SG1010LP** is exceptionally easy to set up, featuring a **plug and play** functionality that requires no special configuration. It meets **IEEE 802.3af** and **IEEE802.3at** power supply standards, allowing for effective power distribution to connected devices, further simplifying installation and enhancing operation efficiency. This model stands out for its ability to deliver both data and power over a single cabling system, providing an efficient solution for your networking needs.
