Aprašymas

The **ASUS RP-AX58**, identified by the product code **90IG07C0-M00C10**, is a high-performance network transmitter designed to enhance your wireless connectivity. This model supports a wide range of Wi-Fi standards, including **IEEE 802.11a, IEEE 802.11ac, IEEE 802.11ax, IEEE 802.11b, IEEE 802.11g, and IEEE 802.11n**, ensuring compatibility with various devices and networks.

With its robust technical specifications, the **ASUS RP-AX58** is engineered to deliver exceptional performance in both home and office environments. Its advanced features allow for seamless streaming, gaming, and browsing, making it an ideal choice for users who demand reliable and fast internet access.

This model is compatible with multiple operating systems, including **Windows 10, Windows 11, and Windows 8**, providing effortless integration into your existing network setup. The versatility of the **ASUS RP-AX58** ensures that it meets the diverse needs of users across various platforms.

In summary, the **ASUS RP-AX58** is a powerful network transmitter that combines cutting-edge technology with user-friendly features. Its comprehensive support for Wi-Fi standards and compatibility with major operating systems make it a valuable addition to any wireless network, enhancing connectivity and overall performance.
