Aprašymas

The **TP-Link JetStream 10-Port Gigabit Smart PoE Switch** with **8-Port PoE+** is a sophisticated managed switch designed to enhance your network infrastructure. Operating at **Layer 2/L2+**, this switch is ideal for rack mounting with its **1U form factor**. It features a total of **10 ports**, including **eight Gigabit Ethernet (10/100/1000)** ports that support **Power over Ethernet (PoE)**. This capability allows for seamless integration of devices such as **IP cameras**, **VoIP phones**, and **wireless access points**, all powered and connected through a single cable.

With a robust **switching capacity of 20 Gbit/s** and a **MAC address table** that accommodates up to **8000 entries**, the TP-Link SG2210MP ensures efficient management of network traffic and device connectivity. This switch adheres to essential networking standards, including **IEEE 802.1D** for Spanning Tree Protocol, **IEEE 802.1Q** for VLAN tagging, and **IEEE 802.1p** for Layer 2 priority encoding. These features collectively enhance the switch's performance, making it a reliable choice for small to medium-sized business networks.

Security and network management are paramount in today's digital landscape, and the TP-Link SG2210MP excels in these areas. It incorporates advanced security features and network management protocols, ensuring a secure and robust network environment. This switch not only meets the demands of modern networking but also provides a significant advantage over competitors with its comprehensive PoE support and extensive management capabilities, making it an exceptional choice for businesses looking to optimize their network performance.
