Aprašymas

The **TP-Link JetStream SG2428P** is a state-of-the-art **28-Port Gigabit Smart PoE Switch** designed to meet the demands of modern networking environments. This **managed switch** operates at **Layer 2/L2+** and is optimized for **rack mounting** with a compact **1U form factor**. Featuring **24 Gigabit Ethernet (10/100/1000)** ports that support **Power over Ethernet (PoE+)**, it enables seamless power and data delivery to devices such as **IP cameras** and **VoIP phones**, simplifying installation and reducing cable clutter.

In addition to its PoE capabilities, the SG2428P includes **four additional Gigabit Ethernet ports** for uplinks or non-PoE connections, enhancing its versatility. With a robust **MAC address table** that can accommodate **8,000 entries** and a **switching capacity of 56 Gbit/s**, this switch is engineered to efficiently manage high volumes of data traffic, ensuring optimal network performance and connectivity. It adheres to multiple networking standards, including **IEEE 802.1D**, **IEEE 802.1Q**, and **IEEE 802.3ab**, providing broad compatibility with existing networking equipment.

The **TP-Link JetStream SG2428P** also boasts a range of advanced **network management features** that enhance security, performance, and reliability, making it an ideal choice for small to medium-sized business environments looking to expand their network infrastructure. Its ability to support a significant number of devices while maintaining high performance sets it apart from competitors, ensuring that your network can grow and adapt to future demands.
