Aprašymas

The **TP-Link JetStream 28-Port Gigabit L2 Managed Switch** (model: **SG3428MP**) is engineered to deliver exceptional performance and connectivity for various network environments. With **24 Gigabit Ethernet ports** that support **Power over Ethernet (PoE+)**, this switch is ideal for deploying devices such as wireless access points and surveillance cameras. Additionally, it includes four extra Gigabit Ethernet ports for uplinks or other connections, enhancing its versatility in network design.

This managed switch boasts **Layer 2+** capabilities, which significantly improve traffic management and access control while providing robust security features. With a **MAC address table** supporting up to **16,000 entries** and a **switching capacity** of **56 Gbit/s**, the SG3428MP ensures efficient handling of network traffic, making it a reliable choice for medium to large-scale deployments. It adheres to various networking standards, including **IEEE 802.3ab**, **IEEE 802.3af**, **IEEE 802.3at**, **IEEE 802.3i**, **IEEE 802.3u**, and **IEEE 802.3z**, ensuring compatibility with a wide range of devices.

For management and setup, the switch offers both an **RJ-45 console port** and a **Micro-USB port**, facilitating easy configuration. Designed for **rack mounting**, it fits seamlessly into a standard **1U rack space** and features an AC-in jack for power. The SG3428MP stands out as an effective solution for expanding network capacity and implementing PoE solutions, making it a superior choice for businesses looking to enhance their network infrastructure.
