Aprašymas

The **ME60X TP-LINK Mercusys AX1500 Wi-Fi 6 Range Extender** is a cutting-edge network repeater designed to enhance your wireless connectivity. With a remarkable **data transfer rate of 1000 Mbit/s**, this device ensures seamless streaming, gaming, and browsing experiences throughout your home or office. The extender supports a variety of **networking standards** including **IEEE 802.11a, 802.11ac, 802.11ax, 802.11b, 802.11g, and 802.11n**, making it compatible with a wide range of devices and networks.

Equipped with advanced **Wi-Fi 6 (802.11ax)** technology, the ME60X offers superior performance compared to its predecessors, allowing for increased capacity and efficiency in crowded environments. This means you can connect more devices without sacrificing speed or reliability. The extender also features **Ethernet LAN data rates of 10, 100, and 1000 Mbit/s**, providing versatile connectivity options for wired devices, ensuring that your internet connection remains stable and fast.

With a sleek **white design** and a typical **power consumption of just 10 W**, the ME60X is not only efficient but also aesthetically pleasing, fitting seamlessly into any environment. Its compact dimensions of **84.7 mm width, 39 mm depth, and 112 mm height** make it easy to place in various locations without taking up much space. Experience the next level of wireless performance with the **TP-LINK Mercusys AX1500**, a reliable solution for expanding your network coverage.
