Aprašymas

Tablet POS solution

The TM-m30II-SL is an all-in-one POS solution that's comprised of the TM-m30II and a tablet stand in one stylish, space-saving unit.

This integrated POS solution is compact, easy to use and cost-effective. Users are able to connect a range of tablets (not sold by Epson) to create an all-in-one POS solution that features enhanced connectivity options and design elements.

Advanced connectivity

Peripherals such as scanners, keypads and scales, can connect directly with the TM-m30II-SL and pass data directly to the tablet device. It also includes enhanced connectivity (USB and Ethernet) and Server Direct Print (SDP) and Cloud (OMS) intelligent functionality. It can also accommodate Epson's DM-D70 colour customer display. 'Sync and Charge' provides power and data over a single cable to Android1 or iOS devices.

Compact and stylish

Features a low profile design and a sliding clamp that means virtually all tablet devices can be securely fixed in place. It can also be installed horizontally or vertically to allow more efficient space management... there's even a wall-hanging option.

Easy to use and reliable

Epson's POS expertise has resulted in unrivalled build quality and refined functionality as each component has been developed with ease of use in mind.
