Aprašymas

The **Hikvision DS-2CD2346G2H-IU(4mm)(eF)** is a state-of-the-art **4 MP Fixed Turret Network Camera** designed for superior surveillance performance. With its **4 MP resolution**, this camera delivers high-quality imaging, ensuring that every detail is captured with clarity. The **powered-by-DarkFighter technology** provides exceptional low-light performance, making it ideal for environments with challenging lighting conditions.

Equipped with **120 dB WDR technology**, the Hikvision camera excels in producing clear images even against strong backlight, enhancing the overall visibility in various scenarios. The use of **H.265+ compression technology** ensures efficient storage and bandwidth usage, allowing for longer recording times without compromising quality. Additionally, the camera features advanced deep learning capabilities for **human and vehicle target classification**, enhancing security monitoring effectiveness.

Built to withstand harsh conditions, the **Hikvision DS-2CD2346G2H-IU** is **IP67 rated**, making it water and dust resistant. It also includes a built-in microphone for real-time audio security, further enhancing its functionality. This model is part of Hikvision's commitment to providing cutting-edge surveillance solutions that prioritize both quality and reliability.
