Aprašymas

The **Hikvision DS-2CD1083G2-LIUF** is a state-of-the-art **8 MP Smart Hybrid Light Fixed Bullet Network Camera** designed to deliver high-quality imaging and advanced surveillance capabilities. With its impressive **8 MP resolution**, this camera ensures clear and detailed video footage, making it ideal for various security applications. The camera supports **Human and Vehicle Detection**, allowing for intelligent monitoring and enhanced security measures.

One of the standout features of the **Hikvision DS-2CD1083G2-LIUF** is its **Smart Hybrid Light technology**, which provides exceptional performance in low-light conditions with a long-range capability. This, combined with the efficient **H.265+ compression technology**, ensures that you can store more footage without compromising on quality. Additionally, the camera supports on-board storage of up to **512 GB** via an SD card slot, offering flexibility in data management.

Built for durability, the **Hikvision DS-2CD1083G2-LIUF** is **water and dust resistant (IP67)**, making it suitable for both indoor and outdoor installations. The inclusion of a built-in microphone allows for real-time audio security, providing a comprehensive surveillance solution. With its robust features and reliable performance, this camera stands out as a top choice for those seeking advanced security solutions.
