Aprašymas

The **Teltonika Networks DAP142** is a robust **Din Rail Mount Industrial Access Point** designed for reliable connectivity in demanding environments. With a frequency of **580 MHz** and a data rate of **100 Mb/s**, this access point ensures efficient data transmission, making it ideal for industrial applications. The DAP142 operates within a wide supply voltage range of **9 VDC to 30 VDC**, allowing for versatile installation options across various setups.

Engineered to withstand extreme conditions, the DAP142 boasts a minimum operating temperature of **-40°C** and a maximum operating temperature of **+75°C**, ensuring reliable performance in harsh environments. This model also features advanced security protocols, including **WAP-PSK**, **WAPA2-PSK**, **WPA3-SAE**, and **OWE**, providing enhanced protection for your network. The **Teltonika** brand is synonymous with quality and innovation, making the DAP142 a superior choice for those seeking a dependable industrial access point.
