Aprašymas

The **Ubiquiti UXG-Fiber Gateway** is a cutting-edge networking solution designed for high-performance environments. This model features **5 Gbps routing** capabilities, equipped with advanced **Intrusion Detection System (IDS)** and **Intrusion Prevention System (IPS)** to ensure robust security for your network. Managed through a **CloudKey**, **Official UniFi Hosting**, or **UniFi Network Server**, it offers seamless integration and management for both residential and commercial applications.

With its versatile connectivity options, the **UXG-Fiber Gateway** includes **(1) 10G SFP+** and **(1) 10 GbE RJ45 WAN port**, as well as **(1) 10G SFP+ LAN port**, providing flexibility for various network setups. Additionally, it features an integrated **4-port switch** with **(1) PoE+** port, allowing for easy connection of powered devices. This model stands out in its class by delivering exceptional performance and reliability, making it an ideal choice for users seeking a high-quality gateway solution.
