Aprašymas

The **Ubiquiti UVC-AI-Dome-B** is a state-of-the-art **4K Outdoor Camera** designed to provide exceptional surveillance capabilities. With a stunning **4K (8MP) video resolution**, this camera ensures that every detail is captured with clarity. Its **ultra-wide viewing angle** of **109.9°** allows for comprehensive coverage of large areas, making it ideal for outdoor monitoring. The camera is equipped with advanced **AI technology** that enables precise face and number plate recognition, enhancing security measures significantly.

Equipped with **40 m (131 ft) IR night vision**, the UVC-AI-Dome-B guarantees reliable performance even in low-light conditions, ensuring that your property is monitored around the clock. The integrated microphones allow for audio recording, adding another layer of detail to your surveillance footage. Additionally, the camera supports **microSD card** recording for edge storage, making it a versatile choice for various applications. With **PoE connectivity**, installation is simplified, and the weatherproof design ensures durability against outdoor elements.
