Aprašymas

The **Dahua IPC-HDW1439V-A-IL-BLACK** is a cutting-edge **4MP Entry Smart Dual Light Fixed-focal Eyeball Network Camera** designed to deliver high-quality surveillance solutions. Featuring a **4-MP 1/2.9" CMOS image sensor**, this camera ensures low luminance and high-definition images with a max output of **4 MP (2560 × 1440)@25/30 fps**. The advanced **H.265 codec** provides an incredibly high compression rate and ultra-low bit rate, making it perfect for effective bandwidth management without compromising quality.

This model is equipped with a built-in **IR LED** and warm light, achieving a maximum illumination distance of **30 meters** for both IR and warm light. The camera's capabilities are further enhanced by features like **WDR**, **3D NR**, and various detection systems which include motion, video tampering, and audio detection. With an **IP67 protection rating**, the camera is designed to withstand harsh environmental conditions, making it a reliable choice for various monitoring setups.

Installation is straightforward thanks to the **12 VDC/PoE power supply**, and the device supports sophisticated features such as **human detection** and abnormality detection measures. This makes the **Dahua IPC-HDW1439V-A-IL-BLACK** not only a powerful surveillance tool but also a highly intelligent solution for ensuring security in diverse environments.
