Aprašymas

The **Dahua IPC-HFW2849T-ZAS-IL-27135** is a cutting-edge **8MP Smart Dual Light Vari-focal Bullet Network Camera** designed for versatile surveillance applications. This model features an advanced **8-MP 1/2.7" CMOS image sensor**, providing exceptional low light sensitivity that ensures high-definition imaging, even in challenging lighting conditions. With a remarkable output of **8 MP (3840 × 2160)@20 fps** and support for 2688 × 1520 resolution at 25/30 fps, this camera excels in delivering detailed video content without compromising on performance. The inclusion of the **H.265 codec** allows for efficient compression, resulting in an ultra-low bit rate for seamless streaming.

This innovative model incorporates a **built-in multi-core light**, offering impressive infrared and warm light illumination capabilities with a maximum distance of 60 meters for both. The Dahua IPC-HFW2849T also supports advanced features such as ROI, **SMART H.264+/H.265+**, and various flexible coding options for optimized bandwidth and storage management. Intelligent monitoring capabilities, including **intrusion detection** and **tripwire** functionalities, differentiate this camera by accurately identifying both vehicles and humans. The robust **IP67** and optional **IK10** protection ratings assure durability in diverse environments.

Furthermore, this model is equipped with a range of comprehensive abnormality detection features, alerting users to motion detection, video tampering, and multiple network issues. With a dual power supply option of **12 VDC/PoE**, installation is straightforward and efficient. The integration of a **built-in Mic** and support for a maximum **256 G Micro SD card** enhances its capabilities, making the **Dahua IPC-HFW2849T-ZAS-IL-27135** an optimal choice for any advanced surveillance system.
