Aprašymas

The **Green Cell Cube AGM VRLA IP54** is a reliable and maintenance-free **12V 75Ah battery** designed specifically for campers, solar panels, and boats. With its **IP54 certification**, this battery offers exceptional protection against dust and water, ensuring safe operation in various environments. The advanced **AGM VRLA technology** encapsulates the electrolyte in glass mat separators, eliminating the risk of leakage and allowing the battery to function in any position without the need for electrolyte replenishment.

This battery is built for long-lasting performance, providing over **5 years of reliable and maintenance-free service** regardless of usage conditions. Its high discharge current capability makes it ideal for both **buffer and cyclic applications**, making it a versatile choice for a wide range of uses. The **maximum discharge current** of 3C ensures that it can handle demanding power requirements, while the low self-discharge rate of just 2% per month at 25°C guarantees that it remains ready for use when you need it.

Manufactured by **Greencell**, the Cube AGM battery is designed to meet the needs of modern energy solutions. With a robust construction and impressive specifications, including a **maximum charging current** of 22.5A and a low internal resistance of $\leq 6.5\text{m}\Omega$ at 25°C, this battery is engineered for efficiency and reliability. Whether you're powering your boat or utilizing solar energy, the Green Cell Cube AGM battery is an excellent choice for dependable energy storage.
