Aprašymas

The **DAHUA IP Camera** is designed to deliver exceptional performance with its advanced image compression algorithms, **H.264 / H.265**, ensuring clear and smooth video streaming at a maximum resolution of **8.3 MPx** in **4K UHD**. This camera is equipped with the innovative **Smart Dual Light** technology, allowing users to switch between white light and infrared (IR) mode. When activated, the white light automatically turns on upon detecting motion in the monitored area, significantly enhancing image quality.

With **Power over Ethernet (PoE)** capability compliant with the **802.3af standard**, this device offers greater versatility and ease of installation. The camera features a **1/2.7" Progressive Scan CMOS** sensor and a wide viewing angle of **110°**, making it ideal for comprehensive surveillance. Additionally, the camera supports various resolutions, including **3840 x 2160** and **3072 x 2048**, providing flexibility to meet different monitoring needs.

Further enhancing its functionality, the camera includes intelligent image analysis capabilities, such as **human detection**, and features like **D-WDR** for wide dynamic range and **3D-DNR** for digital noise reduction. With a robust **IP67** rating for weather resistance and a wide operating temperature range of **-40 °C to 55 °C**, the **DAHUA IP Camera** is built to perform reliably in various environmental conditions.
