## Pagrindinės savybės

- ✓ Compatible with SD, SDHC, SDXC, Micro SD/T-Flash, Micro SDHC, Micro SDXC
- ✓ Supports SD/TF 4.0 and UHS-II for high-speed data transfers
- ✓ USB 3.0 SuperSpeed (5Gb/s)
- ✓ Supports simultaneous reading and writing of two cards
- ✓ Simple Plug and Play installation

## Aprašymas

The SD/TF 4.0 Card Reader ensures steady and efficient data transmission, supporting SD/TF 4.0 and UHS-II with USB 3.0 transfer speeds up to 5Gbps. It also allows simultaneous reading and writing of two cards. As a USB-powered device, no external power is needed, making it an ideal companion for travel or everyday use.

**Performance**

|                             |                                                            |
|-----------------------------|------------------------------------------------------------|
| Compatible memory cards     | MicroSD (TransFlash), MicroSDHC, MicroSDXC, SD, SDHC, SDXC |
| Internal                    | No                                                         |
| Product colour              | Black                                                      |
| Number of memory card slots | 2                                                          |
| Data transfer rate          | 5000 Mbit/s                                                |
| Plug and Play               | Yes                                                        |

**Ports & interfaces**

|           |                                  |
|-----------|----------------------------------|
| Interface | USB 3.2 Gen 1 (3.1 Gen 1) Type-A |
|-----------|----------------------------------|

**Weight & dimensions**

|        |         |
|--------|---------|
| Width  | 26.5 mm |
| Depth  | 10.5 mm |
| Height | 57.5 mm |
| Weight | 13 g    |

**Packaging data**

|                |       |
|----------------|-------|
| Package width  | 75 mm |
| Package depth  | 25 mm |
| Package height | 95 mm |
| Package weight | 30 g  |
| Package type   | Box   |

**Operational conditions**

|                             |           |
|-----------------------------|-----------|
| Operating temperature (T-T) | 0 - 45 °C |
|-----------------------------|-----------|

**System requirements**

|                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                 |
