Pagrindinės savybės

- ✓ Supports 2.5" SATA III 6 Gbit/s HDD/SSD
- ✓ Supports Windows®, macOS®
- ✓ USB 3.0 Type-C® host interface 5 Gbit/s with UASP
- ✓ Plug & Play and Hot Swap
- ✓ HDD protection box

Aprašymas

A new connection

Up to 5 Gbit/s can be achieved with USB 3.0 Type-C®. This makes data transfer fast and reliable, and the new Type-C® connector is also twist-proof! The adapter is HotSwap and Plug & Play capable, so that a driverless start-up and a quick exchange of the hard drive are possible.

Well packed

Together with the matching protective box (HDD height up to 9.5 mm), the hard drive is also well protected against shock and dust on the go. The new USB 3.0 Type-C® port is smaller than its predecessors, making it the future of high-speed mobile data transfer.

A handy duo

The 2.5" SATA to USB 3.0 Type-C® hard drive adapter can be used in combination with the included plastic protection box - or both separately. The advantage of the adapter over external hard drive enclosures is that you can quickly change the hard drive without having to use screws or other tools.

Techninė specifikacija

Specifications	
Sandėlio grupė	Cases [+302][-69]
Storage	
Storage drive size	2.5"
Supported storage drive interfaces	Serial ATA III
Number of storage drives supported	1
Supported storage drive heights	9.5 mm
Hot-swap	Yes
Ports & interfaces	
USB connectivity	Yes
USB version	3.2 Gen 1 (3.1 Gen 1)
USB connector type	USB Type-C
